Instructional Resources and Services – 360
Student Acceptable Use Policy District Agreement Form (363.7)

The focus of the Norwalk-Ontario-Wilton School District device 1:1 Program is to empower students to become fully active participants in the learning process. Through the device 1:1 Program initiative, students will acquire technological and critical thinking skills and will develop a sense of personal and social responsibility that will enable them to be successful in the world for which we are preparing them. The 1:1 initiative supports our 7-12th grade students in taking their school-issued device home. Our 4th-6th grade students will have the availability to take devices home as deemed necessary by school personnel. Devices will transform teaching practices and encourage students to engage in problem-based learning and help them to realize that teaching and learning can occur anytime, anyplace.

Please thoroughly read through this agreement, complete this form and turn it in before receiving your device.

User's Full Name (please print): _____ Grade: _____

- I have read or have had read to me, and/or discussed the Student Issued Devices Agreement with my parent/guardian and agree to use the district technology and/or its network in an appropriate and responsible manner. If I violate any of these conditions, I understand that I may lose access to, and use of, Chromebooks/laptops and/or networks, or even greater consequences such as detention, suspension, expulsion, dismissal, or legal action as outlined in this agreement.

OR (*Option below is only for 7-12th grade students)

- I have read or have had read to me, and/or discussed the Student Issued Devices Agreement with my parent/guardian and have chosen to bring my own personal Chromebook/laptop/tablet to use. I understand that I will only have access to the public WiFi with my personal device. Furthermore, I will use the public WiFi in an appropriate and responsible manner. If I violate any of these conditions, I understand that I may lose the right to bring my personal device on school property or even greater consequences such as detention, suspension, expulsion, dismissal, or legal action as outlined in this agreement.

*This option requires a separate form. Please see the HS Office for the form.

I have read and/or discussed the Student Issued Devices Agreement with my student and give the School District of Norwalk-Ontario-Wilton permission to issue network/Internet access to my student in accordance with Board Policies 363.2 (Network and Internet Acceptable Use Policy), 363.6 (Student Email), and 443.5 (Student Code of Conduct for the Use of Portable Technology). Also, I hereby waive any claims against the District, its officers, agents, and employees arising out of the accessing of material via Chromebook/laptop by my student or other users while on the premises of, or under the instruction of, the School District.
